

NIRASHA MADUBHASHINI

UI/UX Designer

About

I am still a software engineering student in IJSE (Institute of JavaSoftware Engineering)and currently completing third semester.An enthusiastic student with highly motivated and studying Software Engineering at IJSE and Now, I'm interested in **UI / UX** Designing.I like to make interfaces simple and aesthetically pleasing for users.
It is a dedicated and passionate Quality UI/UX designer With youth and spirit.I am not afraid of challenges,look forward to learning more about the complete process of creating meaningful experiences for Users.I am open to listening, learning and collaborating.I'm easy going person with positive attitudes and good team working ability. I think everything is possible.

Projects

POS System

This project is made by using Bootstrap,JQuery,JavaEE and request handle by Ajax.I used Mysql for DB Structure.

url:<https://github.com/NirashaMadubhashini/JavaEE-POS.git>
